Author's response to reviews:

Dear editors,

it is a pleasure for me to submit our revised manuscript "Log in and breathe out: Efficacy and cost-effectiveness of an online sleep training for teachers affected by work-related strain - study protocol for a randomized controlled trial". We are glad that you want to accept our manuscript for publication!

We made the following corrections:

- we changed the title so that it now conforms to journal style for study protocol articles

- we changed the "competing interests" section. We do not know if this is necessary but this would be the correct text: "Professor Berking and Professor Sieland are minority shareholders of Minddistrict GmbH which provides the online platform for the training."

We will be looking forward to hearing from you,

Sincerely yours,

Hanne Thiart
